

30.05.2020 #2 BITCOINZ Z-BRAIN Online Meeting

Points raised:

1. New BitcoinZ webpage
 - Available in June!
 - It will feature a Cryptospedia section with definitions explained in simple words and providing useful guides, making the difference versus the cliché/typical cryptocurrency sites. The desired outcome is for every Cryptospace newcomer to feel comfortable and easily understand most aspects of cryptocurrency.
 - It will employ a sophisticated dynamic editing system that enables Contributors of the btcz Community to change the automated translations, leading to high quality ones to over 25 languages, increasing the exposure of the BitcoinZ around the world.
 - Aesthetically in line with the classic blue and orange happy look of all the recent BitcoinZ artworks in order to make the users feel safe in our friendly environment.
 - The BTCZ Community will decide if they wish this site to become the main BTCZ site, or if they want it as an alternative BTCZ webpage parallel to btcz.rocks.
2. New social media platform for cryptocurrencies - Floyx - BtcZ is on it! Rok and Vandar are managers of our BTCZ profile!
 - <https://www.floyx.com/>
 - <https://www.floyx.com/profile/bitcoinz/about>
3. Ledger cold storage wallet option
 - Wallet compatible with Ledger soon to be released by a freelancer dev that Rok hired. Electrumx wallet should be completed this coming week. There will still be a need for minor edits to adapt it to Ledger. With Electrumx wallet we also qualify for a trezor wallet, so we should keep this second cold storage wallet option in our mind.
4. Rok's Radio
 - Possibility of streaming our BTCZ E-meetings and setting up BtcZ recorded ads. Also few members are needed to help run the radio, since sorting music and setting some interviews takes a lot of effort. So if someone is available please create an account on RadioKing and DM Rok he will add you as manager on radio.
 - Potential linking it to discord sound channel? Is it possible?
5. Lottery and its FIAT/BTCZ option - Bitpaylink.com
 - Bet the 4 last digits of the block hash and win the main prize! Earn money through network marketing. There's a FIAT/BTCZ option already in place if anyone would like to directly purchase BTCZ (avoiding BTC intermediate) which is a great option to have! This FIAT/BTCZ swap could be added to our PokerZ game.
6. Critical structural node depreciacion/coPay wallet/blockchain explorer update

- Core node required update due to deprecation (expiring) at around block ~598k
 - Marcelus updated deprecation block height parameters to new deprecation height of 808252
 - As of 6/2/2020 (US dating) the new deprecation height will hit in a little over 400 days; We ought to have a new update ~ 1 year from now
 - Testing was conducted by Marcelus and cryptorex on: pools, explorer, wallets
 - Testing passed and builds were created for core node 2.0.6 that includes this updated deprecation height
7. Community paper update
 - Update on outdated BtcZ details (algo, exchanges, etc.)
 - cryptorex to update outdated links and details
 8. MinecraftZ could use some info spread in the minecraft communities to spread btcz awareness
 9. Voting security
 - General discussion on how to assure the voting is not rigged and how best to verify voting in the future
 10. Recurring master node network question in order to secure the BtcZ Network
 - MN system improving network security with minimal to none reward system.
 - How about reaching out to SAFE or ZEL people
 11. Reorganizing and protecting our Discord server. We should find a way to protect the official BitcoinZ server against spamming people and bots. There are some options available with the reCaptcha system. And it should be used since we have a daily flood of bots.
 12. New BTCZ Wallets:
 - Zepio BTCZ Wallet in collab with ZEL is supposedly being released June 2020:
<https://forum.btcz.rocks/t/vaultz-zapbtcz-wallet-proposal/1226/29>
 - PlusBit multicurrency wallet proposal and required 0.075 BTC funding is currently being decided:
<https://forum.btcz.rocks/t/plusbit-wallet-please-vote/1551>
 13. Communication and marketing
 - BtcZ representatives nomination? Nominate through voting 1-3 for a period of 6 or 12 months and reward based on performance AFTER the period of representation
